## Employee Only, Pre-tax Benefit

Long-term Disability (LTD) insurance can help safeguard your family's lifestyle and provide some peace of mind in the event you become disabled and are unable to work.

Because the State of West Virginia's retirement plan may not provide you adequate protection in the event you become disabled, you should consider enrolling in one of the two Long-term Disability insurance plans offered by Standard Insurance Company.

### When am I considered disabled?

During the benefit waiting period and the next 24 months you are considered disabled if, due to injury, physical disease, pregnancy or mental disorder, you are unable to perform with reasonable continuity the material duties of your own occupation, or you are unable to earn more than 80 percent of your pre-disability earnings while working in your own occupation.

Thereafter, you are considered disabled if, due to an injury, physical disease, pregnancy or mental disorder, you are unable to perform with reasonable continuity the material duties of any gainful occupation for which you are reasonably fitted by education, training and experience, or you are unable to earn more than 60 percent of your pre-disability earnings while working in your own or any other occupation.

### What is the LTD benefit?

The monthly LTD benefit is based on your earnings from your public employer. The group insurance policy refers to these earnings as pre-disability earnings. The group policy has an actively-at-work requirement you must meet before your insurance will become effective.

You may apply for coverage under either Plan 1 or Plan 2. The monthly benefit under each plan is determined as follows:

**Plan 1:** 50 percent of the first \$6,000 of your monthly pre-disability earnings, reduced by deductible income. The maximum monthly benefit is \$3,000.

**Plan 2:** 70 percent of the first \$8,571 of your monthly pre-disability earnings, reduced by deductible income. The maximum monthly benefit is \$6,000.

Both plans have a minimum monthly LTD benefit of \$100.

### What is deductible income?

Deductible Income is income you receive or are eligible to receive from other sources. It includes, but is not limited to: sick pay or other salary continuation, workers' compensation benefits, Social Security benefits, disability benefits from any other group insurance, 50 percent of earnings from work activity while you are disabled (after the first 12 months of your disability), and disability or retirement benefits you receive or are eligible to receive because of your disability under any state disability benefit law or similar law or your retirement plan.

#### When do LTD benefits become payable?

If your LTD claim is approved by Standard Insurance Company, LTD benefits become payable at the end of the 180-day benefit waiting period. Refer to the Beyond Your Benefits section for information on taxes you may have to pay on insurance payments you receive.

### How long can LTD benefits continue?

If you become continuously disabled before age 62, LTD benefits can continue during disability until age 65, or three years and six months if longer. If you become continuously disabled at age 62 or older, LTD benefits can continue during disability for a limited time. See the chart on page 17.

### What are the exclusions and limitations?

You are not covered for a disability caused or contributed to by: 1) a pre-existing condition (except as provided in your Certificate), 2) an intentionally self-inflicted injury or 3) war or any act of war. Benefits are not payable for more than 24 months for each period of disability caused or contributed to by a mental disorder, or for any period when you are not under the ongoing care of a physician.

### What is the definition of a pre-existing condition?

If your disability results, directly or indirectly, from a pre-existing sickness or injury for which you received medical treatment or services, took prescribed drugs or medicines, or consulted a Physician within three (3) months before the most recent effective date of your insurance, you will receive no monthly benefit for that condition. However, this exclusion does not apply to a period of Disability that begins after you have been insured under the plan for 12 consecutive months.

The Pre-existing Condition Exclusion will apply to any added benefits or increases in benefits.

### What are some of the features of this coverage?

- Coverage for disabilities occurring 24 hours a day both on or off the job.
- Insurance continues without premium payments while LTD benefits are payable.
- A survivors' benefit may be applicable if you die while LTD benefits are payable.

### Assisted Living Benefit:

This benefit is available when LTD benefits are payable. It provides additional income replacement if you become disabled and cannot perform two of six activities of Daily Living or suffer a Severe Cognitive Impairment, and the condition is expected to last 90 days or more. It increases the income replacement to 80 percent of your pre-disability earnings. The additional benefits paid under the Assisted Living Benefit are not reduced by deductible income. The maximum benefit amount for the Assisted Living Benefit cannot exceed \$1,800 for Plan 1 or \$857 for Plan 2. This benefit is available on both Plan 1 and Plan 2.

### Lifetime Security Benefit:

This benefit provides a lifetime income to severely disabled employees, extending LTD benefits indefinitely by continuing to pay benefits, beyond the regular Maximum Benefit Period of age 65, until death at the original 70 percent level. Severely disabled means you cannot perform two of six activities of Daily Living or suffer a Severe Cognitive Impairment, and the condition is expected to last 90 days or more. Benefits paid under the Lifetime Security Benefit are reduced by deductible income. This benefit is available on Plan 2.
